

Delegate List

(confirmed as of May 1, 2010)

Abraxis Bioscience

Principal Scientist, Medicinal Chemistry

Aileron Therapeutics, Inc.

Sr. VP & CSO

ARIAD Pharmaceuticals, Inc.

Vice President, Research Technologies

Astex Therapeutics Ltd.

Sr. Research Associate, Computational Chemistry & Informatics

AstraZeneca

Director, Lead Generation DECS

Avila Therapeutics Inc.

Principal Scientist, Medicinal Chemistry
Co-Founder & CSO

Beth Israel Deaconess Medical Center

Assistant Professor of Medicine, Center for Vascular Biology Research

Boehringer-Ingelheim Pharma

Principal Scientist, Medicinal Chemistry
CGI Pharmaceuticals
Associate Director, Computational Chemistry

Chemical Computing Group

Principal Scientist, Scientific Support

Children's Hospital Boston

Research Fellow, Pathology

CNRS

Team Leader, ICSN
Group Leader & Principal Investigator, Nuclear Magnetic Resonance

CRP Sante

Retrovirology Lab

Crucell Technologies

CSO

Curis Inc.

Sr. Director, Medicinal Chemistry

Digital Biology Partner LLC

Co-Founder & Partner

Dow AgroSciences

Sr. Discovery Chemist

Elan Pharmaceuticals

Sr. Vice President, Global Research
Scientist, Computational Chemistry & Structural Biology

F. Hoffmann-La Roche

Principal Research Scientist, Discovery Chemistry
Research Scientist II, Discovery Technologies

Galderma

Group Leader, Structural Biology

Genzyme Corp.

Principal Scientist, Drug Discovery & Development

Heptares Therapeutics Ltd.

Head, Computational Chemistry

ImmunoGen Inc.

Scientist, New Discovery

Ironwood Pharmaceuticals, Inc.

Project Manager, IT

Life Technologies

Staff Scientist, R&D

Lundbeck Research USA

Head, US Computational Chemistry

McGill University

Professor, Chemistry

Millisian Inc.

Vice President

Computational Chemist, Molecular Modeling

Nankai University

Structure Biology & Pharmacy

NIH NHGRI

Research Scientist, Chemical Genomics Center

NIH NIDDK

Biological Modeling

NIST

Project Leader, Cell Systems Science Group

Novartis

Head, CADD

Pfizer Ltd.

Computational Chemist

Pfizer Research Labs

Principal Research Scientist, Chemical Sciences

Pharmatropo Ltd.

CEO

Prisma Corp.

President

Receptos Inc.

Associate Director, Structural Biology

Schrodinger

VP, Applications Science

St. Jude Children's Research Hospital

Postdoc Fellow, Structural Biology

Associate Member, Structural Biology

SuperGen Inc.

Program Manager, Drug Discovery

Taisho Pharmaceutical Co. Ltd.

Sr. Research Scientist & Group Manager

Trillium Medical Ventures

Managing Partner

UMDNJ

Research Teaching Specialist, Pharmacology

University of California, San Diego

PostDoc Researcher, Biochemistry and Chemistry

Principal Scientist, San Diego Supercomputer Center

University of Essex

Lecturer, Biological Science

University of Hamburg

Professor & Managing Director, ZBH Center for Bioinformatics

University of Helsinki

Agricultural Scientist

University of Massachusetts, Amherst

Professor, Biochemistry & Molecular Pharmacology

Assistant Professor, Electrical & Computer Engineering

University of Notre Dame

Research Associate, Biochemistry

University of Sheffield

Professor, Biomedicine

University of Toronto

Professor, Computer Science & Medicine

University of Wisconsin, Madison

Assistant Scientist, Oncology

University of York

Professor, Chemistry

Vertex Pharmaceuticals

Research Fellow, Molecular Modeling

Sr. Research Fellow, Computational Chemistry & Molecular Modeling

Wadsworth Center for Labs & Research

Research Scientist, Computational & Structural Biology
